

# what is **75** to Thrive ?

happyb<sup>o</sup>ttoms<sup>™</sup>  
diapers for families in need

happyb<sup>o</sup>ttoms<sup>™</sup> is kansas city's **only diaper bank**. Since 2009, they have provided 50 diapers per child per month to families in need. A new study shows that **1 in 2** families in our community cannot afford enough diapers to keep their babies clean, dry, and healthy. We know that we have to do **more**. With your help during Diaper Need Awareness Week, we will increase the number of diapers for each child to 75 per month in 2024. You can help give kids **75 to thrive!**
