

what is **75** to Thrive?

happybottoms™
diapers for families in need

happybottoms™ is kansas city's only diaper bank. Since 2009, we have provided 50 diapers per child per month to families in need. A new study shows that **1 in 2** families in our community cannot afford enough diapers to keep their babies clean, dry, and healthy. We know that we have to do **more**. With your help, we will increase the number of diapers provided to each child to 75 per month in 2024. You can help give kids **75 to thrive!**

there are many ways to help!

- **learn** more about diaper need in our community.
- **donate** to support our programs. You can help a family for as little as \$12.
- **volunteer** at our warehouse or bring the volunteer experience to your business.
- **watch** our brand new short documentary that follows a mom's journey with HappyBottoms help.

save the date for November 28th!

GIVING TUESDAY

Help us raise \$20,000 on Giving Tuesday to support our 75 to thrive initiative.
